IV. PLAN REVIEW REQUIRED

Plans must be submitted with this application and the appropriate fee before a permit can be issued, except as listed below.

Plans are not required for the following:

- When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area.
- Work completed by a governmental subdivision or state agency costing less than \$15,000.00.

If work being performed is described above, check box below **"Plans Not Required."**

What is the rating of the service or feeder in ampere? _____

What is the building size in square footage? _____

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature.

Plans Not Required

V. WORK BY HOMEOWNER

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or residential structure. Violators of Section 23a are subjected to civil fines. If the proposed work is to be completed by the homeowner, then the **"Homeowner Affidavit"** must be completed, notarized and attached hereto .

VI. APPLICANT SIGNATURE

Signature by Applicant (Licensed Contractor or Homeowner)	Date
