July 22, 2019

Dear Resident:

The City of Bloomfield Hills will be starting a road improvement project on Hickory Grove Road from Lahser Road to Kensington Road. Hickory Grove Road will be repaved, the project also includes the replacement of the failing culvert on Hickory Grove near Lahser Road. Construction activity is expected to start the beginning of August, depending on weather conditions.

We understand this work will be a disruption to daily routines. The contractor will do their best to maintain access for local traffic only. There will be a period of time when the road will be closed while the new culvert is installed. Throughout the duration of the project, we will use our e-newsletter notification system to keep residents in the area informed regarding site access and the expected construction schedule.

The City is committed to continued communication with affected residents by providing weekly updates via our confidential email and text notification process. Please send your name, street address, email address and cell phone number to City Clerk Amy Burton at aburton@bloomfieldhillsmi.net to be added to the notification system for construction updates. Construction updates will also be posted on the homepage of the City's website at www.bloomfieldhillsmi.net under the 2019 Hickory Grove Road Improvement link.

If you have inquiries specific to the project, please contact DPW Foreman Jamie Spivy at (810) 656-7531.

Thank you for your patience and understanding during this road and infrastructure improvement project.

Sincerely,

Dave Hendrickson
City Manager
