

September 9, 2019

Residents:

The initial paving course of Hickory Grove Road between Lahser and Woodward is scheduled for Tuesday, September 10th. The crews will do their best to make accommodations for residential travel in and out of the work area. Due to the nature of the asphalt work, there may be a period of time where access is restricted. If you have concerns or need assistance, please make contact with an onsite field representative.

After the first course of asphalt is complete, we will send a follow up notification on the schedule for the final paving of this portion of Hickory Grove.

Project Supervisor

Jamie Spivy (810) 656-7531
